PROUD SPONSOR OF LEGENDS OF RANCHING
Zoetis is proud to partner with veterinarians to assure horse owners that their horses are receiving the best possible health care and disease protection.

- Program offers direct financial support specific to lack of vaccine efficacy for any properly vaccinated horse, pony or mule. Does not include any other adverse events associated with vaccine administration.
- Horse must be vaccinated by a licensed veterinarian with an established client-patient relationship.
- Veterinarian or clinic must be the primary point of contact for this support program to be valid. Zoetis will direct all requests from horse owners, breeders, etc., to the vaccinating veterinarian, who in turn will file the support request on their behalf.
- At the time of the support request, veterinarians must collaborate with Zoetis Veterinary Medical Information and Product Support (VMIPS) in designing an appropriate diagnostic and treatment regimen. A diagnosis must be made using criteria predetermined by VMIPS. To contact VMIPS, call 888-ZOETIS1 (888-963-8471).
- Veterinarians must submit a copy of medical records pertinent to the case, including vaccine brand, serial number and date of vaccination.
- Support requests involving foals less than 6 months of age, or involving onset of disease within three weeks of completing the initial immunization series, are not covered.
- Horse must have received an age-appropriate, initial vaccination series per the vaccine label. A Zoetis vaccine must be the most recent vaccine used in the series.
- All payments made under the immunization support program may require a signed consent form from the veterinarian and/or horse owner.

Join us for a showcase featuring the horses in the CSU Right Horse Program this spring. This program strives to find horses in transition new owners where they can have a positive purpose.

READY TO FIND YOUR RIGHT HORSE?
The Ranching Heritage Breeders program recognizes AQHA’s ranching members who have maintained the ranching tradition by raising American Quarter Horses for use in working cattle.

The AQHA Ranching Heritage Challenge highlights the versatility, soundness and willing attitude of American Quarter Horses that are ranch-born and ranch-raised.

Through a series of ranch horse competitions, the Ranching Heritage Challenge is intended to increase demand for ranch horses by providing an opportunity for ranches and horse owners to compete in a unique ranch horse competition for a significant purse!

**What makes a horse eligible for the Ranching Heritage Challenge?**

All foals bred and raised by an AQHA Ranching Heritage Breeder will be eligible to be nominated into the Ranching Heritage Challenge. Ranches have the opportunity to nominate weanlings to the program for just $10 before December 31 of its weanling year. Nominations can even be taken along with the foal’s registration papers. Because much of the benefit of the program is adding value to young ranch horses, ranches are encouraged to ensure the horse is nominated and ownership is transferred at the time of sale. However, as long as the foal is eligible for the program, anyone can nominate and sustain the payments for the horse into the AQHA Ranching Heritage Challenge.

Dear Friends:

It is hard to believe we are hosting the 15th annual Legends of Ranching Sale. Since its inception in 2006, the sale continues to offer outstanding, seasoned ranch horses as well as started 2 & 3-year-olds trained by our Equine Sciences students. These young horses are from some of the top ranches in the country - true “Legends” of the ranching industry. This program would not be possible without the continued support of our valued consignors.

This year will also be the 5th year of our Legends of Ranching Futurity & Maturity Horse Show. This show is an opportunity for previous buyers to compete on their Legends of Ranching horses. The addition of the show to our LOR Program allows our students to gain more relevant industry experience in producing an event. You will see more students engaged in the overall event than ever before. The sale gives our students unique, hands-on experience in sales and event management as well as training and fitting horses. Students in the training program start, train and fit the young horses consigned by our partner ranches. The student trained horses will compete in the Wagonhound Land and Livestock Student Competition one week prior to the sale. The Sales Production class has a significant role in managing and marketing the sale, including the production of this excellent catalog and the horse show program.

While running a successful sale is important to us, the most important aspect of our program is providing education and experience for students. We want the event to run smoothly, our consignors to successfully sell their horses, and our buyers to obtain the horse of their choice at a good value. Still, the education of our students and their experiences leads to real, long-term payoffs for all involved.

Thank you to our consignor ranches, sponsors and advisory committee members for your continued support in making this a truly unique opportunity for the students. We also want to thank everyone who has supported this sale by buying horses and attending each year. My sincere thanks for your continued support of our students and CSU Equine Sciences. GO RAMS!

The Legends of Ranching (LOR) Futurity and Maturity Program is an exciting program in its 5th year in 2020. Only horses that have sold through the Colorado State University (CSU) LOR Performance Horse Sale are eligible to compete in this exclusive event, making yet another incentive to purchase your next horse through the CSU LOR Sale. With $10,000 of added money and 30% of entries fees paid back to the overall winners, the show offers a chance for buyers to win back part of their initial purchase price. For all the general rules, entry fees, class rules, patterns and more, please visit the official horse show website at www.csulegendsofranching.com.

All horses sold in the CSU LOR Sale in 2020 will sell eligible to show in either the 2021 Futurity or Maturity. For specific futurity and maturity eligibility and rules, please visit the general rules on the horse show website. As an additional incentive, some of the horses sold in the 2020 sale will sell with their entry fees paid by their respective consignor for the 2020 horse show. Horses that will sell with their entry fees paid will be denoted in the catalog per the below symbols. As you preview the horses in the barn prior to the sale, horses that are both eligible and have had their entry fees paid for 2020 will be designated as such with signage on their stall matching the designations below. Should you have any questions at all regarding this program, please do not hesitate to ask any of the LOR staff members or one of our knowledgeable students.

Bar Rock-N-Bean Quarter Horses is located near Eaton, Colo., and was started by Todd and Kristen Bean. Todd attended and played football for Colorado State University from 1987 to 1991, and has kept ties with CSU over the years. Todd and Kristen had been attending the Legends of Ranching Sale every year. They were very impressed with the quality of the sale and what a great job the Equine Sciences Program was doing and wanted to be involved.

The sire for the Bar Rock-N-Bean program is Quail Hunter, aka Hooch, a gray son of Paddys Irish Whiskey, that was purchased from the 6666 Ranch. Hooch is a heavily-built ranch/rope type of horse with an incredible disposition. He is passing this disposition and body type on to his offspring. Harry Haythorn purchased Hooch from us. This is a great ranch for this stud to be a part of, producing outstanding horses. Haythorn Ranch Company originally owned Hooch's dam and she was later an outstanding producer for the 6666 Ranch. We will still be raising a few of these horses. Look for Hooch offspring from the Haythorns in a few years!

Our mares are all very well-bred daughters and granddaughters of Playgun, Real Gun and Peptoboonsmal. They all have great minds, good bone and nice feet. The goal of crossing Hooch on these mares is to put a well-minded, athletic, and versatile horse on the ground that can go in many directions. Thank you for looking at the Bar Rock-N-Bean horses and for supporting CSU.
Now moving into the fourth generation of family ownership, Crofoot Cattle Co., Inc and its affiliates make up a diversified agribusiness operation. Over the years it has owned and operated multiple commercial feedyards with a one-time capacity of 180,000 head and a stocker program numbering over 100,000 yearlings per year.

Crofoot Ranches, LLP is the operating company for both owned and leased ranches. Crofoot Ranches currently runs a 300 head cow-calf operation and a Quarter Horse breeding program at Rescate Canyon Ranch, Lubbock, Texas.

The horse breeding program and training program are integral parts of the overall ranching operation. The goal of the Quarter Horse breeding program is to produce an all-around ranch horse with the cow, conformation, speed and disposition to be used on the ranch, in the arena, in versatility and on the trail.
Flying T Ranch

Grover, CO 80729

Email: flyingtranch1936@gmail.com or jis0496@gmail.com

Flying T Ranch is located 40 miles northeast of Ft. Collins CO or 20 miles west of Grover CO. The ranch is all short grass (buffalo and gramma) and is home to 250 cow calf pairs, 300 head of yearlings, and 12 to 15 broodmares. Earl Anderson purchased the ranch in 1936 and it has been in the family since. Jack and Joan started running the ranch in 1960 and Steve joined them in 1980. In the seventies Jack started out with a couple of Leo bred mares and bred them to the neighbors Tonto Bars Gill stud and later used a Blue Valentine and Three Chicks stud on the mare herd that was growing, this is the foundation of Flying T horses. In 1993 Jack purchased Jack Feature by Frosty Feature and out of a Two Eyed Jack mare from Bob Jordan. Jack had a good eye for horses and it is seen in the colts today.

The ranch is pasture breeding with three different studs: Blue Valentine Leo, a bay roan whose colts have big bone, big hip, color, and represent Flying T Ranch horses for the last forty years; Whiskey San Starlite, by Paddys Irish Whiskey and out of a Doc O’Lena mare, who crosses with the foundation mares to produce nice, “shapey” colts that are highly trainable; and a new stud, a grandson of Paddys Irish Whiskey out of a Playgun mare, that qualified for the AQHA World Show, in heading, as a four year old in 2017.

Steve Anderson, his wife, Brenda, and daughter, Kerby, are now in charge of the ranch. The colts are born in section pastures in May and weaned and halter broke in October, turned back out in May and brought back in the fall of their two year old year to be started under saddle. The colts are ranch raised and ranch ridden. The Anderson family all team rope and ride on the ranch, Kerby travels the rodeo circuit in the breakaway roping and has won many awards on Flying T horses. Flying T Ranch knows the importance of educating the youth today of how valuable good horsemanship is on the ranch and the arena and are honored to be a part of the Legends of Ranching program.
Cusker, Inc. is located in the northeast corner of Montana on the south bank of the Missouri River below Fort Peck Dam. The ranch is home to a cow-calf operation, a broodmare band of 30, and a remuda of 20 – 30 yearlings and saddle horses. It uses the hay and small grains it raises to support its herds during the winter. The patriarch of the ranch was Hank Cusker. Hank worked for several large ranches in the area gathering remount horses for the cavalry before breaking off on his own. The large open range and distance between water holes was great country for making tough horses. Cattle were added later, and eventually two of Hank’s boys, Ray and Jay, took over the operations. Ray Cusker’s oldest daughter Rita and her husband Mark guided the ranch through the drought and farm crisis of the 1980’s. Now two of their children, Quinn and Vanessa, are operating the ranch. Conservation is a key principal to enable a ranch to pass from generation to generation on the short grass prairie. Rotational grazing, water conservation, and wildlife management practices are being continually updated and improved in order to pass the ranch and its heritage to the 5th generation.

Hardy Performance Horses makes its home at Cusker, Inc. It’s goal is to produce horses that can perform at home on the ranch, or in the rodeo arena. Horses are bred with an eye on speed, disposition, balance, and movement. We currently stand two stallions; Walk Off Homer (AQHA, Bully Bullion x Angel of the North by Streakin Six) and Image Will Call (APHA, Suchanimage x Call Me Amy Gray by Call Me Together).

Our mares are foaled in the hills of northeast Montana on green grass, and stay there until weaning time. We think it’s important that the foals know how to get up and down real hills. Horses are marketed as weanlings, yearlings, two year olds, and some are made into ranch horses or arena horses and sold later. We are excited to be a part of the 2020 Legends of Ranching Sale. See you in April!
Haythorn Ranch Company is located in the sandhills of Nebraska, along the Platte River Valley near Maxwell. It is comprised of 20,000 acres of grass, meadow hay, and sweet water from the Ogallala Aquifer. We are primarily a cow/calf operation running up to 1,500 mother cows.

The Haythorns have been ranching in the Nebraska sandhills since 1884. Harry Haythornthwaite (later shortened to Haythorn) stowed away on a ship bound for the U.S.A. at the age of 16 and, when found, he was put to work caring for the Hereford bulls that were on board. Docking in Galveston, TX, he went to work for the rancher who owned the bulls. He later made four cattle drives on the Western trail, two of which passed through Ogallala, NE. Harry spent his wages on a livery stable in Ogallala where he married Emma Gilpin. Harry and Emma filed on a homestead in 1884, thus beginning the long legacy of Haythorn Ranches. Haythorn Ranch is entering its 6th generation of traditional ranching.

We have been breeding American Quarter Horses since before the registry’s inception in 1940. We pasture breed 15 to 25 mares a year and run 20 to 40 saddle horses in our remuda. Our horses are bred for use on the ranch, not to follow the whims of the market. They must have good bones and feet, plenty of muscle, a kind disposition and lots of cow sense.

All this translates into versatile horses that can be used by a wide variety of people for anything that can be done on horseback. All of us at Haythorn Ranch are proud of our work and proud of our industry. Cowboys and horses have been part of the Haythorn Legacy for over 130 years and will continue to be for generations to come.
Iron Springs Ranch, a division of Hall Ranches, has been owned by Gary and Havilah Hall since 2002. The Hall Ranches were homesteaded in the early 1900s, and are currently being operated and managed by the 4th generation of Halls. Iron Springs Ranch encompasses a large area in South East Colorado as well as across Comanche Grasslands. The ranch runs cow/calf pairs year round and American Quarter Horses. The Sante Fe Trail runs across Irons Springs Ranch and is rich in history and artifacts.

The ranch’s AQHA horse breeding, training and showing program has grown and improved over the years and the blood lines of the horses they raise go back to foundation lines such as Leo, Peppy San Badger, Smart Little Lena as well as Gallo De Ceilo. Their mare genetics go back to Duel Ray, High Brow Cat, Doc Tari, Peptoboonsmal and Shining Spark. Superior genetics are promoted through Iron Springs Ranch mares as well as versatile cow horse abilities. Iron Springs Quarter Horses are raised and trained to be well rounded ranch horses as well as arena horses for rodeo, team roping, ranch rodeos, RHAA and other cow horse and versatility shows. As members and competitors of WRCA ranch rodeos our ranch team qualified for the WRCA world finals last year.

Along with Gary and Havilah, their 6 children and ranch hands help run the daily operations which includes; breaking, training and finishing their colts and horses. Cattle Drives, Sorting, Branding, Roping, Doctoring and Weaning are all requirements of Iron Springs horses. The Halls appreciate the level of all around abilities that traditional ranching horseback provides their AQHA horses.

Gary and Havilah are both CSU Alumni and are excited and proud to be a part of the Legends of Ranching Equestrian program and sale.
The Kurtz Ranch is a family operated ranch located in the beautiful Elk River Valley north of Steamboat Springs, Colorado. Along the banks of the river we have raised mountain grass hay, cattle, and Quarter Horses for several decades. It is a landscape of lush meadows, rugged mountains, and deep snow, and is an ideal environment for developing horses that are healthy, hearty, adaptable, and sure-footed.

In our horse operation we strive to raise beautiful, athletic, good-minded horses that will excel on the ranch or trail as well as in the arena. We want them to be versatile with correct conformation and lots of cow sense. While many of our horses go on to be ranch, trail, or rope horses, a select few are chosen as show prospects. These go to our trainer, Andy Kurtz, who prepares them for competition in AQHA and NRCHA shows.

With our heated barn and indoor arena, we have a year round training facility and are able to take outside horses for training in reined cow horse, cutting and ranch versatility, as well as specializing in colt starting. For more information on training or colt starting, please visit: andykurtzhorses.com. We are also happy to work as a buyer’s representative to help find that perfect horse for show or recreation.

Our current prospects feature the bloodlines of our own sire, Hesa Stylish Pepto, as well as CD Lights, Travelin Jonez, A Shiner Named Sioux, Metallic Cat, One Time Pepto and Woody Be Tuff.
Paint Rock Canyon Enterprises

Paint Rock Canyon Enterprises is our current operating name for one of Wyoming’s legacy ranches, The Hyatt Ranch. We are located just outside of Hyattville, Wyoming at the mouth of Paintrock Canyon in the western foothills of the Big Horn Mountains. Founded in 1886 and as the third owners, we continue to raise quality Angus cattle and Quarter Horses as did Sam Hyatt, the founder.

Much of our grazing for our 1500 head cow/calf operation is done in high desert and Forest Service pastures. We also started a ranch and farm intern program in 1999 to give college aged youth interested in agriculture an opportunity to get experience working on a cattle ranch. It was these two needs that formed our current horse program. It is our goal to raise athletic and versatile Quarter Horses with great dispositions and the solid conformation needed to cover our country working cattle. Our stallions and mares are a mix of performance and foundation bloodlines to achieve this result. Our geldings and mares are pasture raised together and ridden for work together on the ranch.

Our ranch is also home to a summer camp program for high potential, economically disadvantaged youth from Los Angeles. We sponsor 72 children each summer that are part of a 4 year program covering their high school years. A key part of their camp experience is the horseback riding program supplied by our “high mileage” ranch horses.
Owned by Land O'Lakes, the Purina Animal Nutrition Center in Gray Summit, Missouri is home to the Purina Equine Research Facility. Established in 1926, the Purina Animal Nutrition Center (PANC) is the premier animal nutrition research facility in North America and one of the leading centers in the world. Each year, “the farm” plays host to thousands of visitors, ranging from customers and distinguished academics to 4-H club members.

Spread across 1,188 acres of rolling Missouri pasture land, PANC is tangible evidence of Purina’s strong belief in nutrition research and development. It represents a continuing commitment to help customers grow healthier and more productive livestock and pets. PANC is home to 12 different animal species, and off-site collaborative research allows the nutritional needs of other species to be studied.

At the Equine Facility the horse’s digestive physiology, palatability, reproduction, growth and development, and exercise physiology are studied to better meet the horse’s nutritional needs in the face of changing demands. Purina’s facility is unique to the feed industry and helps Purina create some of the best performing horse feeds in the world.

The equine herd is comprised of 60-70 horses, and utilizes shipped cooled semen to continually enhance its breeding program. The Purina Equine Research Facility has been breeding registered quarter horses for 50 years as part of its program. Purina has been a lifetime AQHA member since 1980 and is proud to continue to be a part of the industry by producing well bred performance and ranch horse prospects.
Silver Spur Ranches
P.O. Box 714
Encampment, WY 82325
Phone: 307-327-5550 • Fax: 307-327-5998
www.silverspurranches.com • Email: kyork@Spurranches.com

Rich in Ranching Heritage, the Silver Spur has operations in Wyoming, Colorado, New Mexico, and Nebraska. The headquarters of the ranch is located in Encampment, Wyoming while the Remuda is located on the TO and Bell Ranches in New Mexico. Silver Spur Ranches is one of the largest commercial cow/calf operations in the US and is home to registered Angus, Red Angus and Charolais cattle.

Silver Spur's horse program is centered on breeding a good sized, strong, athletic horse with a good mind who is able to go from the arena to everyday ranching with ease. Everything from NRCHA events to roping a bull and doctoring calves. Mares are used on the ranch and in the show pen before selection into the broodmare band, the foals are then raised and started at the TO and Bell Ranches before distributing to the other Silver Spur divisions.

Currently standing for Silver Spur at the historic 6666's ranch is Metallic Masterpiece, a son of Metallic Cat out of the Peppy San Badger mare Kings Masterpiece. “Quasi” was an NRCHA Open Snaffle Bit Futurity finalist, a Lucas Oil AQHA World Championship Show Top-10 finalist, and has earnings of more than $74,000 in competition. His sire has offspring earnings of more than $22 million, and his dam’s offspring have earnings of more than $375,000. A ranch favorite, the late WR One Eyed Jack (WR This Cats Smart x Miss Ann Oleana) sired many of the Silver Spur’s ranch and competition horses until his untimely death in 2016. Fortunately his legacy lives on as several of his offspring have returned to the broodmare band. Acquired in 2017, Light My Dynamite (CD Lights x Dyna Badger) rounds out the Silver Spur’s studs.

Silver Spur Ranches is honored to be the recipient of the AQHA’s 2017 Best Remuda Award. As stewards of the land, every effort is made to preserve the traditions of yesterday while forging ahead using new and progressive approaches in both cattle and equine enterprises. The Silver Spur strives to raise cattle and horses of the highest caliber while working diligently to pass on the values, faith, importance of family and love for agriculture to future generations.

Building Ranch Traditions for Tomorrow’s Generations.

With ranches located in California and New Mexico, the 2012 AQHA Best Remuda Award recipient is among the top five ranching operations in the United States and is the largest cow-calf operation in New Mexico. The variety of terrain the ranch covers demands that the cowboys ride strong and dependable mounts. The Singleton Ranch horses, raised and started in the roughest country on the San Cristobal Ranch, fit the bill.

All young stock is started and used for ranching necessities such as gathering, sorting, and dragging calves to the fire. A select few will be aimed toward the show pen.

Cow-sense is especially important in a Singleton Ranch horse. As such the pedigree of the ranch's four stallions are a veritable who's who of cowhorse royalty.

Dualwithme is a son of Dual Pep, sire of earners of $24,600,000. He is out of the great mare Cowstruck who has produced earners of $718,480. DWM earned an AQHA Superior rating in Cutting, is a two-time AQHA High Point Junior Cutting Champion, and an AQHA World Show Top Ten finisher.

Timber Cat 101 is by Docs Hickory, the sire of earners of $21.5 million and 3 NCHA Triple Crown Champions. Timber Cat's dam is Cats Full Measure, a High Brow Cat daughter who has LTE in excess of $241,000.

A Smooth Edition is the son of $13 million dollar sire Smooth As A Cat and SR My Quixote Lady, producer of earners of $438,765.

The ranch's newest stud, SCR Thunder Crackin, is by the 2008 NCHA Futurity and 2015 NCHA Futurity Champion Sire Metallic Cat. He is out of Smart Crackin Chic, (LTE $217,000 and producer of $573,330, pmeu earners) the mare that carried Singleton Ranches to the top in 2006 when she won the NRCHA Snaffle Bit Futurity.

Spur Cross Ranch, located in Gallatin Gateway, Montana just outside of Bozeman, is the home of Ingram Quarter Horses, which has been breeding, raising and training quality American Quarter Horses for over 29 years. We are dedicated to producing top quality horses with proven bloodlines. We currently breed to our own stallion, Peptoes, a red roan stallion by Peptoboonsmal out of a producing daughter of the great Doc O’Lena. In addition to Peptoes, we have bred to very select outside stallions such as Bodacious Dash, One Famous Eagle, Sophisticated Catt, Hez our Secret, Catty Hawk, A Streak of Fling, Dual Smart Rey, Prime Talent, Reys Dual Badger, A Smooth Guy, and PC Frenchmans Hayday, just to name a few. Our broodmares are individually selected based not only on their bloodlines, but their conformation, disposition, color and overall looks. All foals are mare-raised in the clear Montana blue sky and green grass pastures, and are nurtured and socialized by ranch managers Tyson and Wendy Wood. The resulting offspring have been performers in a variety of areas including the show arena, reining and cutting horse competitions and barrel racing, and many have become solid working ranch horses.

We are very proud of all our alumni colts who have gone through and graduated from the Legends of Ranching Program, and who have returned to win or place in the LOR Futurity and Maturity Horse Show. We are especially proud of our Peptoes colts who were the Young High Seller at the LOR Performance Horse Sales in 2015, 2017, and 2018, and the 2nd and/or 3rd Young High Sellers in 2016, 2017 and 2019.

Spur Cross Ranch and Ingram Quarter Horses are honored to have been invited back for our seventh year to participate in the Legends of Ranching Performance Horse Sale and look forward to a continued relationship with the Colorado State University Equine Sciences Program.
Not many people can say they live and work on land granted to their family by the Homestead Act of 1862. But since 1902, when widow Yetta Goldsmith Kohn and her four children arrived in Montoya, New Mexico, six generations of the same family have made their living on the land now comprising the T4 Cattle Co. During that 116-year period, the family has also been breeding American Quarter Horses and the ranch is now a Zoetis AQHA Ranching Heritage Breeder.

As mercantile store operators, the family also established Kohn’s Cattle Co. and began breeding Hereford cows, buying a set of cattle and rights to the T4 brand in 1915. Over the years, the expansive ranch has been passed from family member to family member. Currently, Yetta’s great-grandson Phil Bidegain serves as the T4’s general manager, along with his wife, Laurie.

The T4’s herd began with two stallions, Bay Joe, a 1939 bay by Red Joe of Arizona and out of Goldy By Four Flush; and Carajo, a 1947 sorrel by Duke Baca and out of Penca by Little Mike. Another influential sire, Bobby Beach by Bob Wade, came to the T4.

In addition to contributing to various facets of daily ranch life, T4 horses have also excelled in the show ring. Montoya Azina, a 1983 sorrel by Alejos Mr 81 and out of Montoya Omega by Cara Rojo, took Scott to two New Mexico high school rodeo all-around cowboy year-end awards, as well as a New Mexico 4-H all-around cowboy year-end award.

As the Bidegains continue breeding, they look forward to producing many more successful ranch horses and arena competitors like these from up-and-coming sires such as Montoya CD, a 2010 sorrel by High Brow CD and out of Pastels Pretty Peppy by Pastels Smart Lena.

“As a family-owned operation, we all work hard to maintain our high standard in ranching, farming and raising fine American Quarter Horses,” Laurie says.
The Van Newkirk’s operation is located along the Wyoming/Nebraska state line in the State of Nebraska approximately seven miles east of Torrington, Wyoming.

Bob Van Newkirk is a lifetime member of the American Quarter Horse Association and a Gold Card member of the Professional Rodeo Cowboys Association. He, his wife Sue and son Kyle pursue the goal of breeding and raising the very best in foundation and ranch type horses for the enjoyment and usefulness of future customers.

Their program has involved the breeding of mares with the top bloodlines of the breed to a good dispositioned, good looking, well bred sire. They are promoting the Playgun bloodline with Frosted Playgun, a son of Playgun and out of a mare that Billy Meyers of Frenchmans Guy’s fame said that was the best mare he had ever owned.

Bloodlines of the mares are Drifts Chip, Bodee Boonsmal, Gallo Del Cielo, Playboys Buck Fever and other foundation cow bred mares. Colts with these bloodlines have been sold not only throughout the United States but to Spain, Venezuela, and Mexico. Older horses have spent time at the Van Newkirk Herefords family ranch where they are exposed to all facets of ranch life.

We feel honored to be invited to participate in the 2020 Legends of Ranching Performance Horse Sale and promoting the Equine Sciences Program at Colorado State University and urge you, as customers, to do the same.
Wagonhound Land & Livestock, LLC

Phone: 307-358-3413 • www.wagonhound.com

Wagonhound Land and Livestock’s roots go back to the late 1800s when the cattle drives came up from Texas and the pioneers traveled through on the Oregon Trail. Located along Wyoming’s Laramie Range, the ranch consists of more than 250,000 mostly private acres. The very diverse, scenic ranch runs a commercial Red Angus herd of mother cows and summer stocker cattle, operates two feedlots, harvests 5,000 acres of alfalfa, timothy, corn and corn silage. As well as offering elite outfitted hunts specializing in trophy elk.

The objective of Wagonhound Land and Livestock’s horse breeding program, consisting of more than 200 American Quarter Horses, is to raise high-quality ranch horses for both ranch and public use. Wagonhound’s broodmare band is anchored by some of the most famous mares in the industry such as an all-time leading reined cow horse producer Kings Masterpiece; NCHA Open Futurity, Derby, Classic and World Finals Champion Little Tenina; an all-time leading cutting producer and dam of an NCHA Super Stakes Classic Open Champion and an NCHA World Champion Tassa Mia; as well as several industry leading daughters and granddaughters of Wagonhound senior sire, WR This Cats Smart, whose foals have earned more than $12,000,000 in NCHA, NRCHA and AQHA events.

Wagonhound is proud to support the CSU Equine Sciences Program through the endowed Wagonhound Land & Livestock chair, as well as a proud annual supporter of CSU’s Legend of Ranching Equine Student Competitions.

Western Trail Horses is an equine training facility located 3 miles west of Sterling, Colorado. It is owned and operated by Warren and Rita Thompson. We train all breeds of horses, as well as mules for recreational trail riding. We start a lot of colts and do tune ups on horses using methods of horsemanship to establish strong foundations of trust and respect and willing acceptance of leadership. Consistent ground work routines, desensitizing, trail obstacles, and promoting a good attitude are some of the many goals.

In addition to training horses for customers, we raise Quarter Horses and Missouri Fox Trotters and source horses for clients. Warren believes that each horse needs to match the rider and the intended use. The Legends of Ranching Sale has been a major source of good prospects for many years and more recently some ranches in Nebraska and Wyoming that are Ranching Heritage Breeders have been good suppliers.

Warren’s training philosophy is you have to establish communication to develop control for consistent performance and behavior. He believes in teaching horses respect and patience and teaching the rider to communicate with the horse using feel and timing. Many times we work to train the rider as well as the horses.

We employ many students from the NJC Equine Management Program; and have employees from New Mexico State, CSU and LCCC.

In addition to training for trail riding we have done foundation work for polo horses, hunter-jumpers, eventing, fox hunting and all ranching uses. Warren has worked with nearly every breed of horse at some time in his life.

We have recently started an annual clinic to help the clients of Western Trail Horses sharpen their equine skills. The business began through the love and appreciation of the horse and hopes to pass that along to all who want to become a better horseman.

Terms and Conditions

Legends of Ranching Performance Horse Sale 2020

FROM: Colorado State University (the Auctioneer)
TO: All Sale Participants – Take Notice

NO. 1 LIMITATION OF LIABILITY; GOVERNING LAW
Neither the Auctioneer, any representative thereof, nor their consultants shall be responsible for any liability whatsoever, including, but not limited to, the loss, damage, injury, death, or illness of any horse, person, or property before, during, or after the sale. All horses consigned to the sale are offered in accordance with the laws of the State of Colorado and all transactions between Buyer, Seller and the Auctioneer are governed by the laws of the State of Colorado. Sellers are hereby bound by the Consignment Agreement completed upon nomination of sale entry, as well as these Conditions of Sale.

NO. 2 BIDDING PROCEDURE
The right to bid or repurchase a horse is reserved by the Seller or his representative. Title of the horse passes to the Buyer automatically at the final fall of the Auctioneer’s gavel, unless such repurchase is clearly indicated immediately by the Seller, his representative, or the Auctioneer. The highest bidder shall become the Buyer. Any successful bidder shall sign a Buyer’s Acknowledgment of Purchase that shall be presented by an auction clerk immediately after the purchase has been made. The Auctioneer reserves the right to reject any and all bids.

NO. 3 BIDDING DISPUTES
If a dispute should arise between or among two or more bidders, the Auctioneer shall settle the dispute, and his decision shall be absolute, final, and binding on all parties. In such a case, the Auctioneer has the right, but not the obligation, to reopen the bid and ask for advance bids, solely between the bidders having claimed the last bid. If there is no advance bid, the horse shall be sold to the bidder from whom the Auctioneer recognized the final bid. If for any reason the bid should be reduced below the recognized bid at the beginning of such a dispute, the Auctioneer may reopen the bidding to all bidders with the highest bidder becoming the Buyer regardless of whether or not the final bid exceeds the bid which was originally disputed.

NO. 4 TITLE AND DELIVERY
Title passes to the Buyer automatically at the final fall of the Auctioneer’s gavel unless a repurchase is made by the Seller, his representative, or the Auctioneer on the Seller’s behalf. At such time, the Buyer assumes all risk of loss and the responsibility, maintenance, care and expenses for the horse sold passes immediately from the Seller to the Buyer. This shall be the condition in the case of illness, injury, or death of any horse after it has been sold. Upon the passage of title, the Buyer agrees to indemnify and hold the Auctioneer, any representative thereof, or consultants for harmless from all loss, cost and expense including but not limited to: (a) the illness, injury or death of purchased horse, or (b) loss or damage to property, and (c) injury or death of persons caused by the Buyer, his agents, employees or the purchased horse. Title and all risks are assumed by the Buyer whether or not delivery has been made. Delivery
of a purchased horse shall be contingent upon the Buyer making a full settlement to the sale cashier as described in Condition No. 5. After a satisfactory settlement is made, delivery will be in the form of a release for the horse from the auction grounds. In addition to the release, the Buyer will receive the current Coggins test, proof of a current health inspection, and a copy of the registration certificate.

NO. 5 SETTLEMENT
Settlement for any purchase must be made in full and paid directly to the sale cashier within the specified time announced prior to the commencement of the auction. Payment to any other source is prohibited and is not recognized as settlement. Settlement for any purchase must be made for the full purchase price with U.S. Currency or with funds from a U.S. Bank in the form of check, or credit/debit card. A valid drivers license and/or other forms of positive identification are required upon settlement. Any person signing a check in the State of Colorado is liable for the full amount of the check. Any party issuing a check returned as “insufficient funds” or “payment stopped” or “account closed” or a check that shall for any reason not clear the drawee’s bank, will be liable for three times the amount thereof, costs, and attorney fees, and may be prosecuted to the full extent of the law.

NO. 6 DEFAULT BY BUYER
After signing the Buyer’s Acknowledgment of Purchase, the Buyer shall be responsible for the full purchase price, as stated, for the horse. A Buyer who fails in any respect whatsoever to make settlement as described in Condition No. 5, shall be declared in default. Upon default, any horse purchased by the Buyer may be resold by Auctioneer for the Seller and all costs associated with such resale shall be borne by the defaulting Buyer. Should such a resale fail to satisfy in full the balance due, the Buyer shall immediately pay Auctioneer the amount of the balance owing. The Seller or Auctioneer may bring suit against the Buyer who shall be responsible for all costs, plus reasonable attorney’s fees, incurred by Auctioneer in collection of amounts owing, or in enforcement or interpretation of this contract and/or the sale condition.

NO. 7 WARRANTIES
A. Prospective Buyers are hereby cautioned and advised by the Auctioneer to examine horses thoroughly prior to purchasing. Buyers have the right, at their expense, to have an on-site routine veterinary examination performed by a mutually agreed upon veterinarian on any horse prior to the sale. There is no warranty, expressed or implied by the Auctioneer, any representative thereof, or consultants for as to the soundness, physical condition, health, or disposition, NOR AS TO MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE of any horse offered in this sale. All horses are sold “as is” with all existing conditions and defects except as expressly provided below or as otherwise announced at the time of sale on the Seller’s behalf from the auction block. Any and all guarantees announced on the Seller’s behalf from the auction block are made solely between the Seller and the Buyer and shall not be binding on or effective as against the Auctioneer.

B. The Seller does represent and warrant unto the Auctioneer and the Buyer of each horse the following (unless otherwise announced at the time of sale): (1) The horse is not vision impaired; (2) The horse is not a “cribber”; (3) The horse has not been nerved, nor foundered, nor has navicular disease; (4) The sex of the horse is
as described in the catalog; (5) There is not an obvious gap between the upper and lower teeth; (6) The horse has not had abdominal or joint surgery; (7) Title of horse is free from all adverse claims of ownership, use, or possession and the Seller agrees to defend title against all claims.

NO. 8 BROODMARES
No guarantees are made by the Auctioneer, any representative thereof, or consultants for, regarding pregnancy status, eventual foaling, or fertility of any horse offered for sale. Final pregnancy status on broodmares will be announced at the time of sale on the Seller’s behalf and will take precedence over printed material in the catalog or in advertising. Any contractual agreements between owners of broodmares in the sale and owners of stallions to which these mares may have been bred are strictly between the Buyer and the Seller.

NO. 9 CATALOG AND ANNOUNCEMENTS
Buyers are cautioned to pay close attention to announcements from the auction block regarding changes in the sale catalog, as such announcements take precedence over printed material. The accuracy of all information in the catalog is the sole responsibility of the Seller, as is the certainty that all announcements regarding catalog changes or warranties are made while the horse is in the auction arena. While certain information may have been procured by the Auctioneer from third parties on behalf of the Seller, it is nonetheless solely the responsibility of the Seller to verify the accuracy of such information and to make certain such changes are made public while the horse is in the auction arena. The Auctioneer, its representatives and consultants assume no responsibility or liability for errors or omissions, or for any verbal or written statement regarding the horse sold.

NO. 10 REGISTRATION CERTIFICATES
A. All original registration certificates, transfer reports, and/or applicable breeders certificates, and/or registration applications, will be held by the Auctioneer until the Buyer’s payment clears the drawee bank and becomes unconditional credit. Upon payment clearance, all applicable paperwork will be forwarded directly to the buyer from the Auctioneer. The Buyer shall be responsible for payment of all applicable transfer fees.

B. Pending registration applications being processed by the appropriate registration agency at the time of sale will be returned from the agency to the Seller who shall in turn deliver to the Auctioneer. The Auctioneer will then forward the registration certificate and transfer report to the Buyer.

C. Original registration certificate and accompanying paperwork will be released to Sellers for horses not sold (buybacks), after all expenses are paid and the Seller’s payment has cleared the bank.

NO. 11 HEALTH
All horses in this sale have been required to have been tested negative for equine infectious anemia (coggins test). Additionally, all horses selling have been requested to have a health certificate issued to the auction grounds.
NO. 12 OTHER
A. Each horse consigned to this sale, or a substitute, must pass through the auction arena and all transactions must go through the sale office.

B. Hip numbers shall not be removed by the Seller or the Buyer while the horse is on the grounds.

C. All persons attending this sale do so at their own risk, and are urged to use caution while on the sale grounds.

NOTE: WARNING UNDER COLORADO LAW, AN EQUINE PROFESSIONAL IS NOT LIABLE FOR AN INJURY TO OR THE DEATH OF A PARTICIPANT IN EQUINE ACTIVITIES RESULTING FROM THE INHERENT RISKS OF EQUINE ACTIVITIES PURSUANT TO SECTION 13-21-119, COLORADO REVISED STATUTES.

D. Any item not covered in these Conditions of Sale shall be regulated according to the established customs and practices of professional auction management companies.

NO. 13 AUCTIONEER NOT AN AGENT
The Auctioneer, or any representative thereof, does not act as agent for nor represent the Buyer or Seller, but only provides a medium for bringing together the Buyer and Seller for the purpose of a sales transaction. In the event of any legal dispute between the Buyer and the Seller, the Auctioneer will occupy the position of a mere stakeholder and will be discharged from all obligations owing to the Seller or Buyer upon delivery of any property or funds held by the Auctioneer to the court having jurisdiction of such dispute.

NO. 14 DISPUTES
CHOICE OF LAW. The laws of the State of Colorado and rules and regulations issued pursuant thereto shall be applied in the interpretation, execution, and enforcement of this contract. At all times during the performance of this contract, the Buyer and Seller shall strictly adhere to all applicable federal and State laws, rules, and regulations that have been or may hereafter be established. Venue for any action arising from or in connection with this contract shall be exclusively in the Colorado District Court in and for the City of Fort Collins, Larimer County, Colorado.

NO. 15 VIDEO AND PHOTOGRAPHY
By participating in or spectating in any Colorado State University Legends of Ranching Program Event, participant / spectator releases all rights to any photo or video being used for future promotion that contains their likeness.
